

TFAWS
MSFC • 2017

28th Annual Thermal and Fluids Analysis Workshop (TFAWS)

- August 21 to 25, 2017 • The Westin at Bridge Street Town Centre • Huntsville, AL
- Hosted by NASA Marshall Space Flight Center (MSFC)
- Sponsored by the NASA Engineering and Safety Center (NESC)

Purpose: To provide a forum for knowledge sharing, professional development, and networking throughout the thermal and fluids engineering community of NASA, universities, and the aerospace industry worldwide.

Featuring:

- Paper sessions
- Hands-on software training
- Hardware demonstrations
- Technical short courses
- Guest speakers
- Tours of Marshall Space Flight Center

Audience:

- Engineers
- Scientists
- Industry
- Government
- Educators
- Students

Technical Areas of Focus:

- Active Thermal/Fluids & Life Support
- Aerothermal
- Passive Thermal
- Interdisciplinary

- All levels of experience are welcome
- **FREE REGISTRATION** for all attendees
- Visit us at <https://tfaws.nasa.gov> for more information and to register online

Call for Submissions

Paper Sessions

Abstracts due **May 19**. Send to:
MSFC-TFAWS2017Papers@mail.nasa.gov

Short Courses

Course abstracts due **May 19**. Send to:
Manish.Mehta@nasa.gov

Poster Session

Intent/brief description due **May 19**. Send to:
MSFC-TFAWS2017-Posters@mail.nasa.gov

Vendors (Booths, Demos, Training)

Sign up by emailing vendor form to
MSFC-TFAWS2017@mail.nasa.gov

Visit <https://tfaws.nasa.gov> for detailed information on submissions.
Contact MSFC-TFAWS2017@mail.nasa.gov with general questions.
